First-angle projection

Print upright, 0.2 mm layers, 2 perimeters, 15 % infill. Tree supports under the floor beside the key and under the apex.

FEA: 10 N tap at the top + phone weight → peak 0.28 MPa (results/sim.json). The open A-frame saves 19 % material vs v1.

PHONE STAND MODULE

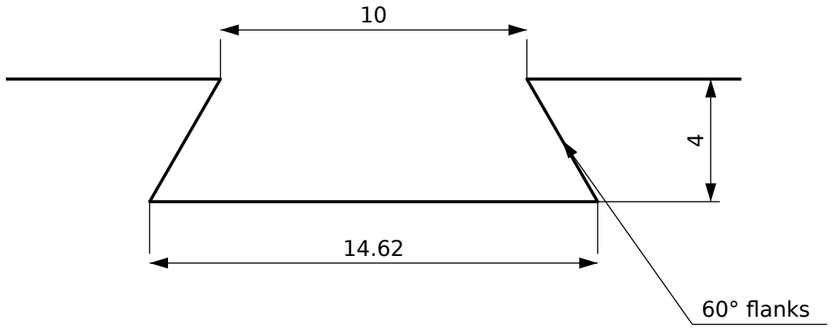

Part no. SK-101	Scale 1:1
Material: PLA, FDM 0.2 mm layers	Sheet 1 of 3 · A3
General tolerances ISO 2768-m · dimensions in mm	Drawn: Priyanshu Sharan · 2026-11-06
